LECTURE RECORDING NOTICE

This venue is equipped with lecture capture facilities which may be active. Individual lecturers are responsible for recording their lectures and will notify you if a recording is being made. Recordings will be made available on a restricted basis to those students enrolled on the course of study that the lecture supports.

The University’s lecture capture facility primarily captures the Lecturer/Presenter and not others at the venue, but may pick up questions or comments from those attending. Should you not wish to be recorded, please let the Lecturer/Presenter know prior to asking your question or making your comment and the Lecturer/Presenter will pause or later redact the recording.

Information about lecture recording at the University: www.lecturecapture.admin.cam.ac.uk

Thank you for your co-operation.
